

### 1) About Us

InfoXpression is the annual tech carnival of the University School of Information and Communication Technology to test one's technical acumen over three days of intense, engaging, and fun events.

Attracting active participation of students from over 250 colleges across North India, InfoXpression is a celebration which focuses on the promotion of Technology and Innovation, allowing participants to showcase their technical expertise and learn many new things in the process. It aims to involve a plethora of competitions, workshops and guest lectures by eminent personalities.

### 2) Glimpses

A successful legacy of 17 years, InfoXpression 2022 marks the 18th iteration of USICT's flagship tech-fest.

Back with a dose of euphoria, excitement and inspiration.

With a footfall of 9000 students last year, the participation estimate is anticipated to reach 10000.

Participation from over 250 colleges across North India.

A three-day event with a vast array of contests and workshops to showcase your skills.

24 diverse events that will ensure fun and learning with no halts.

a majestic journey to experience the biggest tech fest of North India.

### 3) Legacy

InfoXpression 2022 edition is set to continue its legacy as one of the biggest tech-fest of GGSIPU (USICT).

This year, InfoX aims to be bigger, bolder, and better.

### 4) Sponsor's Appreciation Line

For your very generous contribution to our annual Tech Fest, with your support we aim to live up to our previous achievements. We would like to express our sincere gratitude and appreciation. We hope you know how much you are valued.
